

fostering financial security

Financial stability is the foundation for a secure future.

That's why we support individuals and families with essential needs like housing, utilities, transportation, and more, while also offering tools that foster long-term success.

Our work centers on helping hard-working families make ends meet today, while connecting them with education and financial resources to build a better tomorrow. With the right support, families can achieve what we all strive for: good jobs, safe and affordable housing, bright futures for our children, and lasting financial stability.

Through financial education, savings strategies, and access to asset-building resources, United Way equips families with the tools they need—not just to survive, but to thrive.

In 2024, United Way & our Community Partners helped:

6,844

individuals gain long-term stability through counseling & life-skills education

4,902

young adults gain career, leadership, outdoor, & workforce development skills

2,758

individuals receive job skills training

157

individuals receive employment services

176

individuals gain employment

6,239

individuals establish a pathway to financial stability

Through financial education, savings strategies, and access to asset-building resources, United Way equips families with the tools they need not just to survive, but to thrive.
